Editorial

Home Constructed Equipment - In February 1971, the Committee agreed to sponsor a constructional competition, with suitable prizes, to be judged annually in May. Now that Autumn is with us it is time to consider a project for the Winter.

RAE - The Committee would be pleased to know of any member who has recently passed the RAE and/or obtained a licence.

Exchange and Mart - There is always space available for this service to members; the success rate is quite high, incidentally. If you have anything to sell or require any particular item, please contact the Editor.
